

Addison Arbor Foundation Mission

The mission of the Addison Arbor Foundation is to promote and enhance a sustainable, natural environment in Addison.

Addison Arbor Foundation Projects

Completed Projects

Trees around Town: The Addison Arbor Foundation recently replaced 8 trees surrounding the conference center and in 2008, the Addison Arbor Foundation, through a grant from the Mary Kay Foundation, replaced 4 sycamore trees with new red oaks at the conference center.

Road Medians: The Addison Arbor Foundation funded the replacement and replanting of the median along Inwood Road.

Future Projects

New Addison Water Tower site – the area below the Town's ground breaking new water tower design will be landscaped with the assistance of the Addison Arbor Foundation.

Community Garden – plans for installation of a Community Garden are ongoing in conjunction with the Town and interested citizens.

Earth Day Celebration – in addition to the Addison Arbor University session on Irrigation, the Addison Arbor Foundation will be funding the planting of trees with a grant from the Mary Kay Foundation.
